SENATOR CHAFEE CONDEMNS LONDON BOMBINGS

PROVIDENCE, R.I. – U.S. Senator Lincoln Chafee issued the following statement in reaction to the terrorist attacks in London:

“The terrorist attacks which occurred today in London represent deplorable acts of cowardice against innocent civilians. We must find those responsible and hold them accountable for these senseless crimes. My thoughts and deepest sympathy go out to the people of Great Britain. I believe it is important that we look deeply into the causes of these events to ensure that this does not happen again.”
